Rev. 2/11

Progressive Residential Services, Inc.

Providing residential and support services to persons with Intellectual Disabilities, Mental Illness, and other disabling conditions.

Welcome

Progressive Residential Services, Inc. provides services in the community, including housing to individuals with Intellectual Disabilities (including Autism), older and dually diagnosed adults, and those requiring nursing care.

Founded in 1982, Progressive Residential Services, Inc. (P.R.S.) has become an industry leader. Our experienced staff have a broad range of expertise in developing and managing innovative residential services. Our group living residential facilities have served as models for similar programs across the United States, Europe and Asia.

Services

Our Mission

To provide persons with Intellectual Disabilities, Mental Illness, and other disabling conditions with opportunities to achieve goals and to more fully participate in their community. PRS encourages socialization and relationship building as well as employment training and placement, recreational, and therapeutic services to enable a person to live and grow at their optimum potential with all the rights afforded them as full citizens.

Our Vision

It is the vision of PRS, Inc. that individuals served have full integration in the community, opportunities to achieve goals, and acceptance in the community without judgment.
